

Sports Equipment Borrowing Policy & Rejection Guidelines

Last Updated: March 15, 2026

Sports Equipment Borrowing Policy

1. Eligibility and Approval

- All sports equipment borrowing transactions require explicit approval from the designated Equipment Manager.
- This policy applies uniformly to all users, including P.E. teachers, coaches, and athletes, who must submit their requests through the system.

2. Borrowing Duration and Returns

- Borrowers are required to specify a precise "Date and Time to Return" when submitting a borrow request.
- While the borrowing duration is flexible and depends on the user's requirements, all items must be strictly returned by the approved schedule.
- Equipment must be physically returned to the facility, where the Equipment Manager will verify the items and process the "Return Confirmation".

3. Equipment Condition and Lifespan

- Sports equipment is subject to standard wear and tear, and specific equipment items have limited usage lifespans. Provided below are some of the examples:
 - Ping-pong balls (3 weeks to several months)
 - Shuttlecocks (2-3 games on usage, 1 year in storage)
 - Tennis Balls (1-4 weeks on usage, 1-2 years in storage)
- Equipment that is severely worn out, unsafe, or degraded to the point that its brand and model are no longer identifiable will be removed from the active catalog and marked as "Disposed" or "Maintenance". These items are ineligible for borrowing.

4. Liability and Accountability

- The borrower assumes full financial responsibility for the equipment while it is in their possession.
 - If an item is not returned, or if it is returned in a condition that warrants a "Damaged" or "Lost" status beyond normal wear and tear, the borrower will be required to pay for its repair or replacement.
-

Grounds for Request Rejection

To maintain facility operations and ensure equipment availability, an Equipment Manager may reject a borrow request under the following conditions:

- **Unavailability:** The requested equipment is currently marked as "Borrowed" or "Reserved" by another user during the requested timeframe.
- **Condition Restrictions:** The requested item has reached its expiration, is heavily worn, or is currently flagged for "Maintenance".
- **Policy Violations:** The borrower has a history of neglecting the strict return schedules, has outstanding unreturned items, or holds unsettled financial liabilities for previously lost or damaged equipment.
